➤ INTRODUCTION

GBDA (Gwadar Builders & Developers Association) is a multi-functional special interest group, dedicated to participate in the promotional activities of Gwadar deep seaport locally and globally. GBDA was established in December 2004 due to the following reasons and background

- To establish a platform where developers and builders could address their issues and concerns
- To address security matters, regulatory issues and socio-cultural concerns.
- To act as a development partners with GDA and other Development Authorities
- To secure the investment of clients as well as the builders and developers of Gwadar
- To resolve the issues among local land owners and builders

➤ GWADAR AS A NOBLE CAUSE

We welcome local authorities, technocrats, traders, builders, architects, investors, financial institutions, cargo & shipping companies, political & social figures, marketing & advertising agencies, TV, media & press, related professionals and general public to support and uplift our noble cause to promote Gwadar Smart City to benefit our country and our nation. Gwadar Smart City is an international project and it will benefit to number of nations and the whole world.

➤ OBJECTIVES

- To promote Gwadar locally and internationally as a Future Economic Hub of Pakistan
- To represent Gwadar on several different business and economic forums
- To deal with local, provincial and federal government bodies
- To deal with press and media both locally and internationally
- To deal with technocrats and policy makers
- To keep an eye on national and international current affairs
- To keep track record of important events and daily news

➤ OBJECTIVES

- To develop and circulate newsletters and press releases
- To conduct Seminars, Conferences, Exposure Lectures and Workshops
- To organize exhibitions and trade shows
- To conduct members' monthly annual and special purpose meetings
- To conduct regular research and development related to geo strategic issues
- To fight against the all negative propagandas and to promote the Ground Realities
